Applicable to single-phase and three-phase (if available) commercial establishments including churches, schools, and hospitals where BMU is the sole source of supply. Available to any commercial customer at points on BMU's existing secondary

distribution lines within the area served by BMU. Service is for the exclusive use of the customer and shall not be resold.

Large General Service

Demand Charge:

Per KW of billing demand \$4.94

Energy Charge:

First 150 KWH used per KW of billing demand \$0.0470

Next 180 KWH used per KW of billing demand \$0.0270

Over 330 KWH used per KW of billing demand \$0.0190

Minimum Charge:

The billing demand charge, but not less than \$494.00 monthly.

Billing Demand:

The maximum indicated kilowatt demand but not less than fifty per cent (50%) of the maximum indicated kilowatt demand recorded in the twelve month period ending with the current month, except that no billing demand shall be less than one hundred kilowatts (100 KW).

Applicable to single-phase or three-phase service (if available) for all large commercial uses where BMU is the sole source of supply. Available to any large commercial customer using standard electric service for power or combined power, lighting, heating, and/or special equipment at points on BMU's existing distribution lines within the area served by BMU. Service is for the exclusive use of the customer and shall not be resold.

Commercial Electric Heat

Summer Rate (Applicable to billings taken from meter readings after May 1 and prior to October 1)

Customer Charge \$5.70 per month

All KWH \$0.0600 per KWH

Winter Rate (Applicable to billings taken from meter readings after October 1 and prior to May 1)

Customer Charge \$5.70 per month

First 1,000 KWH \$0.0600 per KWH

Next 3,000 KWH \$0.0410 per KWH

Over 4,000 KWH \$0.0350 per KWH

Monthly minimum will be the customer charge.

Applicable to single-phase or three-phase (if available) commercial total electric establishments including churches, schools, and hospitals where BMU is the sole source of supply. Available to those commercial customers whose establishments are heated wholly by permanently installed electric heaters and whose hot water is obtained only through the use of an electric water heater, at points on BMU's existing secondary distribution lines within the area served by BMU. Service is for the exclusive use of the customer and shall not be resold.

Large Industrial Service

Demand Charge:
Per KW of billing demand \$4.94

Energy Charge:
First 110 KWH used per KW of billing demand \$0.0350
