Agenda

EPA Discussion

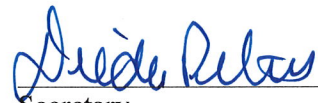

Kumud Pyakuryal of the EPA shared that the jurisdiction of a site in Sikeston had been passed to the EPA from the MoDNR. He explained some of the history of both regulatory agency's actions in the matter and the EPA's proposed steps to remediate the site. While BMU does not own the site, it is located adjacent to a BMU facility. There was some discussion about the site, the history, and future actions. The discussion was informational and no Board action was required.

Other Items

None.

Adjournment

There being no further business, Chairman Gilmore declared the meeting adjourned.
